

BAUER BG 30 VALUE LINE

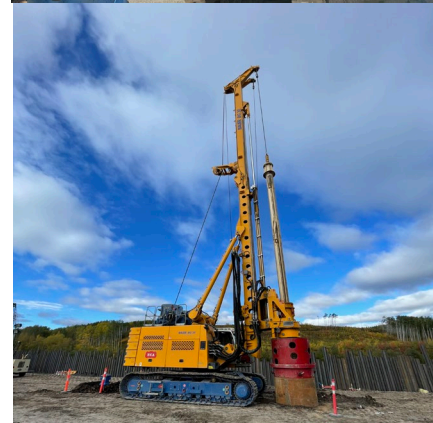

OVERVIEW

Bauer BG30 Value Line serial number 5055. This crowd cylinder machine with V-style kinematics is perfect for kelly drilling cased or uncased holes. It is complete with many of the great automatic control and assistant systems BAUER has developed. The rig is built on a BT 80 Base Carrier with a 400 hp (298 kW) CAT C 9.3 Tier 4f engine and sits on a UW 100 Undercarriage.
